COME MEET MABEL CHONG!

A special friend of ours, Mabel is a fabulous jewelry artist who shares her creations at Daisy's. On Wednesday, August 30 she will join us at Daisy's for an outstanding Trunk Show from 4-8 pm. She has visited us before and people love meeting and talking with her, not to mention how they rave over her artistry. We hope you can join us for this exciting event – and bring a friend for a free gift!

Just to share a few of her thoughts about the art she creates here is an excerpt from her website: "Deep inside each of us lie wild and chaotic forces that can drive us to the greatest passions, or madness. Only art and love can tame those furies and give them shape. ...Each of us acts upon our uncivilized essence to create something of beauty. I hope my work can help you with yours. From our uncivilized essence, let's create something elegant. Together."

To learn more about Mabel and the artistic forces that drive her, check out her website, www.MabelChong.com, you will admire her accomplishments!
